

Foreign Ministry calls on honorable citizens who have information about the property or documents belonging to the State of Kuwait to contact our ministry in order to return them to Kuwait, in implementation of Security Council resolutions.

The citizens' cooperation with the Ministry is a national action aimed at resolving issues that we inherited by the crimes of the previous era and to enable Iraq to return to its normal situation in the international community.

There is a reward from the ministry for those who provide any information about the property and by this he has provided an important service to his homeland.
